

**Number of Chronic Hospital Beds and Patient Days  
and Percent Occupancy, by Facility: Maryland, 2004**

<b>Jurisdiction/Facility</b>	<b>Number of Beds</b>	<b>Number of Days</b>	<b>Occupancy (%)</b>
<b>Baltimore City</b>			
<i>James Lawrence Kernan Hospital</i>	40 <sup>1</sup>	16,078	109.82%
<i>Johns Hopkins Bayview Medical Center</i>	62	21,540 <sup>2</sup>	94.92%
<i>Levindale Hebrew Geriatric Center and Hospital</i>	100	37,605	102.75%
<i>University Specialty Hospital</i>	180	45,021	68.34%
<b>Prince George's County</b>			
<i>Gladys Spellman Specialty Hospital and Nursing Center</i>	37 <sup>3</sup>	12,424	91.74%
<b>SUBTOTAL: Private Chronic Hospitals</b>	<b>419</b>	<b>132,668</b>	<b>86.51%</b>
<b>Washington County</b>			
<i>Western Maryland Hospital Center<sup>4</sup></i>	60	12,362	56.29%
<b>Wicomico County</b>			
<i>Deer's Head Hospital Center<sup>5</sup></i>	66	4,843	20.05%
<b>SUBTOTAL: State-operated Chronic Hospitals<sup>6</sup></b>	<b>126</b>	<b>17,205</b>	<b>37.31%</b>
<b>STATEWIDE TOTAL<sup>7</sup></b>	<b>545</b>	<b>149,873</b>	<b>75.14%</b>

**Sources:** Maryland Health Care Commission. The number of licensed chronic hospital beds maintained in the Commission's inventory is based on the Commission's Certificate of Need files and licensing information provided by the Office of Health Care Quality. The number of FY 2004 patient days for the private chronic hospitals is obtained from the Financial Data Base, as reported by private chronic hospitals to the Health Services Cost Review Commission (HSCRC), as of July 12, 2005. The number of FY 2004 patient days for the two state-operated chronic hospitals is obtained from the Hospital Management Information System (HMIS), as maintained by the Maryland Department of Health and Mental Hygiene.

**Notes:** The number of beds reflects the number of licensed chronic hospital beds at each facility as of June 30, 2004 (the end of the 2004 fiscal year reporting period). Occupancy is calculated based on licensed beds. For the two facilities with over 100 percent chronic hospital occupancy, patient days reflect that chronic hospital patients may be placed in other types of licensed beds within their facility.

<sup>1</sup> Kernan Hospital's 40 chronic hospital beds include 16 dually licensed chronic/rehabilitation beds.

<sup>2</sup> Johns Hopkins Bayview Medical Center's 21,540 patient days is the combined number of patient days for the separately licensed 62 chronic hospital beds and four comprehensive inpatient rehabilitation (CIR) beds. Chronic hospital occupancy is calculated based on the 62 licensed chronic hospital beds.

<sup>3</sup> Gladys Spellman added four chronic hospital beds, effective July 1, 2003.

<sup>4</sup> Western Maryland Hospital Center's occupancy, based on its 34 *budgeted* chronic hospital beds, would be 99.34 percent.

<sup>5</sup> Deer's Head Center's chronic hospital occupancy, based on its 13 *budgeted* chronic hospital beds, would be 101.79 percent.

<sup>6</sup> The occupancy for the two State-operated chronic hospitals, based on the total 47 *budgeted* chronic hospital beds, would be 100.02 percent.

<sup>7</sup> The statewide chronic hospital occupancy based on the 419 *licensed* beds at the five *private* facilities plus the 47 *budgeted* beds at the two *state-operated* facilities would be 87.87 percent.
